

EU funding projects and opportunities with Canada

DETAILS

Time:	14 December 2010 – 9:00 - 10:00
Place:	Salle: 2104A – Workshop 1.2
Facilitator:	Yves Boisselier, ACTIF-Europe (www.actif-europe.eu)
Purpose:	<ul style="list-style-type: none">• Providing information on EU funding programmes open to cooperation with Canadian organisations or individuals• Identifying existing projects as sources of potential partners and example of EU-Canada cooperation.• Bringing together organisations interested in participating in EU-Funded projects to develop ideas for future collaboration.
Who should attend:	<ul style="list-style-type: none">• Anyone already involved in EU funded projects that support innovation management activities and who wants to develop cooperation projects between EU and Canada or between EU and other countries.• Anyone with applied research output requiring a test-bed, knowledge transfer or increased added-value through application• Anyone needing funding to support their applied research or knowledge transfer activities into new networks

Content

From theory

- Presentation of FP7 rules for the participation of third countries (outside EU and associated or candidate countries). NB: FP7 = 7th Framework Programme for research of the European Union.
- Presentation of other EU programmes, especially in education and training.
- A few examples of EU cooperation projects in which Canada is involved.
- Indication of contact points at EU and Canada levels.

... To practice (**about 30mn or more depending on pre-information by participants**)

Open discussions with the participants to jointly explore project idea and capabilities proposed by the participants

- a.) initial ideas for proposed subjects
- b.) developed ideas or consortia looking for partners
- c.) existing projects looking for more test-partners

If you already have a project or idea that you want to build on in the session you can contact Yves Boisselier, Actif-Europe at yb@actif-europe.eu in advance.
